FOR Distance and  
Blended Learning

**F O R T E A C H E R S**

Our current flexible learning environments have pushed us to rethink and recalibrate how we approach and administer assessments. This interactive session will guide teachers in identifying impactful, adaptable, and practical strategies for evaluating what students know and are able to do in any environment. Teachers will explore frameworks and tools that support decision-making about assessment, provide insight into the impact of instruction on learning, and utilize processes that connect directly to the learning objective.

**MARCH 3, 2021**  
**3:30 - 4:30 P.M.**

**Audience:**  
**K-12 Teachers, TOSAs**

**Cost:**  
**\$35\***

\* Fee waived at registration for  
Santa Barbara County educators
