

Get Ready!
for

COMPUTER SCIENCE EDUCATION WEEK

with SBCEO

(December 5-11, 2022)

Join us to create your student plan for CSEdWeek happening December 5-11, 2022!

Computer Science Education Week (CSEdWeek) is an annual call-to-action to inspire PK-12 students to learn computer science. Organized around the popular theme of “Hour of Code”, CSEdWeek provides fun opportunities to provide equitable access to computer science education for all our students.

- No experience needed.
- Resources for PK-12 teachers, TOSAs, administrators and expanded learning and afterschool programs staff.
- Make and take a customized plan for CSEdWeek 2022.
