HYPEDOCs

with
Rachel Fauver and Matt Zuchowicz, SBCEO

Discover how to curate, organize, and distribute digital resources and activities in a streamlined, engaging, and accessible format through hyperdocs.

Hyperdocs are digital documents where all learning resources, activities, and options for a lesson cycle are linked. In this one hour session participants will explore techniques, approaches, and benefits of incorporating hyperdocs into daily lesson planning and delivery.

Participants will explore how to:

- ◆ Collect, organize, and share content effectively
- ◆ Create and use a hyperdoc
- ◆ Create powerful opportunities for students to have agency over their learning
