Needs Assessment/Strategic Planning – Flo Furuike

Flo discussed the mission of the Needs Assessment/Strategic Plan Ad Hoc Committee. This committee is engaged in projects on an as need basis. The Needs Assessment booklet

was completed in 2020/21. This is mandatory for every county to complete every five years. We assess our community and the needs in our area. The second portion of this project is to develop the strategic plan, which is what we will work on this year. Please come and join us.

IEEEP – Holly Harvan

Holly discussed what the Inclusive Early Expansion Grant is working on. Over the past year, we really did make an impact in the county. We touched 436 people. We've collaborated with licensing, SELPA, and the Alpha Resources Center. We also included professional development. This year we are focusing on CDE's Inclusion Works! trainings and are introducing Teaching Pyramid - Going Deeper. Four people are going through training to become Teaching Pyramid Going Deeper trainers. We've had a successful first year and are receiving great feedback.

COAT –Robin Palmerston

The Call-to-Action brochure was completed in 2020-21. Robin shared what COAT Committee advocates in Early Care & Education. We work with legislation. When the climate of our nation changes, we will reach out to organizations to let them know what we do and how to support us. The Call-to-Action brochure will be very helpful to reach people with the needs in our area.

WALDO – Sharol Viker

WALDO functions as an advisory group making decisions and giving advice to the Workforce Pathways stipend program application and requirements. We also help guide the leadership project, as well as training programs, and what that looks like each year. We are also working on the study and data collection of the workforce. WALDO generally meets directly after Council each month.

Facilities – Eileen Monahan

We have been working on child care facilities for the year. Some changes have been made. We are also closely tracking legislation. This year we plan to stay on the same track. We want to support other cities to amend their land use policies as we did in Goleta.

ICCAT – Jacqui Banta

We collaborate and support the inclusion practice in our county. It's an exciting group because we want to blend groups and serve children and families. We want to make sure we're meeting the needs countywide. ICCAT meets the 3rd Thursday of each month from 2-3pm.

V. Committee Wrap-up

Discussion along with Q&A regarding committees. Sharol posted a Jam Board to allow everyone to choose their committee. Committee follow will take place over the next couple of weeks to ensure all are joined to a committee. Please consider becoming a part of any of the committees discussed. Remember that every council member must join at least one committee.
