

## The Basics

5

### Coaching Seminars

Five annual coaching support seminars are available to all CASC participants during each year of the program.

### Online Collaboration

Program participants use the SBCEO Online Classroom for collaboration and documentation of their professional growth in the program.

### Coaching Support

The coaching program provides a minimum of forty hours of job-embedded coaching support during each **academic year** of the program. The coaching model is informed by the **Blended Coaching** and **Cognitive Coaching** frameworks.

## Cost/Outcomes

### Annual Tuition

The tuition for the program is \$ 2,500 per year. Tuition may be covered using district funding sources.

### Major Outcomes

Through participating in the SBCEO CASC Program, candidates will:

- Identify and increase capacity toward leadership effectiveness as measured by the CPSEL.
- Develop and advance professional coaching capacity.
- Engage with leading-edge resources, contemporary research, and local experts.
- Develop a targeted growth plan that reflects the core dispositions necessary to be a successful systems leader.
